

# Fall 2024 Green Workforce Training

## LEED Green Associate - Statewide

LEED Green Associate credential training prepares students for careers in building design, facilities maintenance and management, and other related sustainable building and facilities maintenance pathways. The course includes the exam voucher for the industry-standard LEED Green Associate credential.

**Course #:** SUS6016 **Tuition:** \$2,000

**100% Tuition subsidy for eligible applicants**

**Host Campus:** UH Maui College

**ONLINE** Synchronous

**Duration:** 30 hours of training

**Dates:** Sept 19 - Nov 21, 2024, Thursdays, 6:00-8:30pm

**Instructor:** Alicia Mazingo, LEED AP

With a BA in Anthropology and Minor in Interior Architecture from the University of Oregon and Master of Fine Arts in Interior Design from the Savannah College of Art and Design, Alicia is a sustainability advisor with nearly a decade of experience, specializing in commercial building programs for large scale portfolio projects, as well as one-off certifications for long-term sustainability strategies. Her approach to project management –from design to construction, through building operations –has resulted in over 100 LEED certifications across several rating systems. Alicia has been an adjunct faculty at The Art Institute of Portland where she taught Green Design and LEED Exam prep. She has been an invited speaker at numerous local and national events and conferences, including Greenbuild and NeoCon. Her work on policy initiatives has inspired the adoption of green strategies by public agencies.
